

A 5-day adventure safari in the magic of the savannah of [Kenya](#) that combines exciting sightings with maximum contact with nature, thanks to a private tented camp that can accommodate up to 6 guests.

The mobile tented camp is the ideal solution for those who want to live the safari experience away from the big lodges and the most popular slopes, without sacrificing comfort, exclusivity and elegance.

The mobile tented camp allows you to choose the most exclusive and wild settings, giving that unique feeling of adventure a little retro, this was in fact the way safaris were done in the past, but with comfort, safety and good food of the luxury camps.

Being alone in the middle of nowhere allows you to better enjoy the savannah experience; going on safari at a mobile camp means having total contact with nature.

This safari adventure in Kenya is ideal for all those who love nature, adventure and the magic of beautiful things; it is absolutely perfect for those who want to experience the thrill of safari away from mass tourism, in a situation of exclusivity with a retro charm.

Safari at the Tsavo National Park in Kenya

This trip proposes a tented camp safari in the large Tsavo National Park, the largest natural park in Kenya; it explores both the area of the **Tsavo East National Park** and that of **the Tsavo West National Park**.

At the Tsavo the red earth colors the elephants that are known as *the red elephants of Tsavo*; the park is also home to numerous felines, including lions, leopards and cheetahs, that can be spotted relaxing in the shade, trying to catch prey or feeding on their latest victim.

Here there are also numerous species of antelopes, ostriches, hyenas, giraffes, buffaloes, zebras, as well as hundreds of bird species that guarantee an exciting birdwatching.

Safari at the Amboseli Park in Kenya

It is possible to provide an extension of the tented safari to admire the landscape and animals of the **Amboseli National Park** that hosts numerous elephants with very long tusks, perhaps the most beautiful specimens of the entire African continent.

[Mount Kilimanjaro](#) dominates the park and, especially at sunrise and sunset, it shows itself in all its grandeur as a backdrop for the safari.

During the safari you can admire numerous animal species such as lions, hyenas, cheetahs, elephants, buffaloes, wildebeests, zebras, baboons, ostriches and numerous species of antelopes.

Useful info

In Kenya the climate is tropical with **two rainy seasons**: the heavy rainy season in the months from March to May and the small rainy season in the months from November to mid-December; the dry season is in the months from June to October.

The coast has a wetter climate with higher temperatures, while the hinterland plateau has milder temperatures and a drier climate.

To visit the country, **malaria prophylaxis is recommended**, there are no mandatory vaccinations.

In your suitcase cannot miss: the camera, binoculars, comfortable clothing in neutral colors, a fleece for the evening, sunscreen with a high protection factor and sunglasses.
